

Coupa Travel & Expense

Coupa T&E is an intelligent solution that helps companies around the world capture, manage, validate and analyze T&E spend across the organization. Unlike other applications, Coupa provides comprehensive T&E management capabilities and unifies your company's end-to-end business spend — across procurement, invoicing, T&E and beyond — within a single platform.

Easily Enforce Compliance

With Coupa, you can seamlessly capture expenses from multiple sources and gain complete visibility into spend to ensure employees stay within policy. AI-powered capabilities make it easy to identify spend leakages and stop fraudulent payments before money goes out the door.

Drive More Savings

By drawing on \$2T of collective community spend data, Coupa is able to uncover new ways to optimize T&E spend that are high impact and low effort. See how your company's KPIs stack up against industry leaders and leverage prescriptive insights to generate more value from your T&E program.

Maximize Organizational Agility

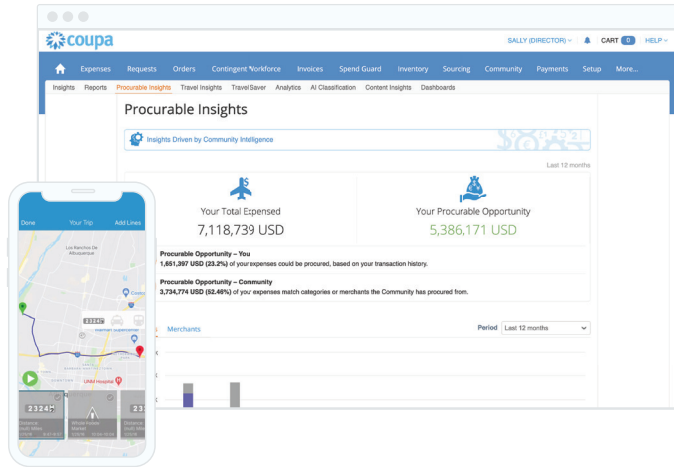

Coupa was designed to simplify T&E management for both your finance team and employees. Eliminate time-consuming manual processes and automate expense capture, employee reimbursement and everything in between.

Trusted By Leading Organizations

“It's not easy to manage millions of dollars in expenses for 100K employees around the world. Coupa not only processes expenses, but also **identifies opportunities to drive savings to uniquely empower me to succeed.**”

– Mike Rosier,
Sr. Manager,
Financial Systems,
Concentrix

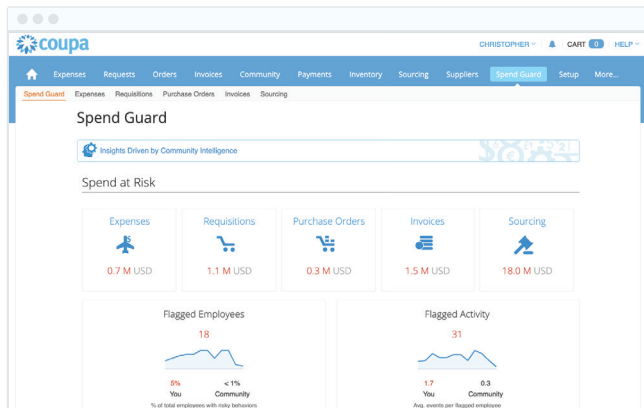

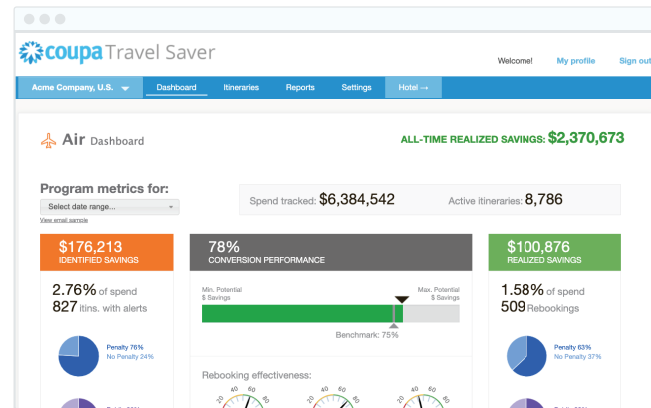

Coupa Expense

Built for the modern enterprise, Coupa Expense is a comprehensive T&E management solution designed to help you optimize and gain greater control over your post-approved spend. Intelligent insights and advanced capabilities help finance teams build robust T&E programs, while ensuring global compliance and creating effortless experiences for employees.

Coupa Travel Saver

Coupa Travel Saver’s price assurance technology monitors airfare and hotel prices in real time and instantly rebooks reservations at the lowest available price. With Travel Saver, you can capture savings on existing travel reservations to save an average of 3-5% of your corporate travel budgets, all without impacting the traveler experience.

Coupa Spend Guard

Coupa Spend Guard is an AI-powered business spend monitoring solution that analyzes employee/supplier-level patterns to prevent fraudulent and wasteful spend. Using Community Intelligence, Spend Guard draws on Coupa’s pool of community spend data to identify suspicious behavior patterns across business spend and more effectively detect spend leakages before they are paid.
